I. INTRODUCTION

The Solid Waste Management Act, N.J.S.A 13:1E-1 et seq. (the "Act"), in pertinent part, constitutes each of the State's twenty-one (21) counties and the Hackensack Meadowlands Development Commission as a solid waste management district. The Act further provides that each solid waste management district, including the County of Union ("County") develop a solid waste management plan setting forth the solid waste disposal strategy to be applied in the district. The Union County District Solid Waste Management Plan (the "County Plan") was adopted by the Union County Board of Chosen Freeholders ("Freeholders") on April 11, 1979 and approved, with modifications, by the New Jersey Department of Environmental Protection ("NJDEP") on August 13, 1980, and has since been amended and modified from time to time. The Union County Board of Chosen Freeholders has designated the Union County Utilities Authority ("UCUA") as the agency responsible for the implementation of the County Plan in accordance with the Act.

The purpose of this Plan Amendment is to modify the County Plan to include a general Class B recycling facility ("Facility") to be owned and operated by Trevcon Construction Co., Inc. The Facility, located at 2-74 South Front Street, Elizabeth, New Jersey, is hereby being included in the County Plan to accept, process and transfer concrete generated from demolition and reconstruction projects in the area.
